Dear Mr. Rawls:

Please accept my sincere appreciation for the outstanding Performance Work Statement (PWS) support you provided to the IRS Competitive Sourcing Competition for the Fuel Compliance Officers Activity.

Your expertise was invaluable to successful completion of this very important change initiative. The competitive sourcing competition for the fuel compliance function, as a result from the FY 07 Treasury appropriations legislation, was converted to an internal Business Process Re-engineering (BPR) project, however your contribution to the effort made the BPR go very smoothly.

As part of the Performance Work Statement team, you provided expert guidance, support and assistance which ultimately produced a BPR solution that culminated in Small Business/Self-Employed business division and the corporate IRS achieving significant business results--strategic alignment of the organization to reach long term goals, reduced costs and improved efficiencies. Specifically, you were the program manager and provided valuable recommendations on how to approach and handle the overall development of the PWS as well as assistance with crucial briefings.

We were very fortunate to have you working with us and appreciate your guidance and support. Please accept the enclosed Office of Competitive Sourcing Director's award, binder and light pen as a token of our appreciation.

Sincerely,
