1. REVISE Section B.5 Contract Access FEE. (Full text attached below.)

The Contract Access Fee (CAF) is a required GSA fee that is fixed at <sup>3</sup>/<sub>4</sub> of one percent (i.e., 0.0075). This fee shall never to be treated as a negotiable element between the contractor and ordering agency. CAF shall be applied to the total price for contractor performance as billed to the Government.

The basic formula is: Total CAF = Total Price \* CAF Percentage.

The total CAF collected per Order may be capped at a set amount to be determined by the Alliant GWAC Program Office. For more information on this cap, please see the Alliant website (http://www.gsa.gov/alliant).

The Contractor shall estimate CAF in their proposals to the ordering agency for all Orders, regardless of contract- type. It is preferable to the government that an agency's OCO fund CAF as a separate Contract Line Item Number (CLIN), especially for Cost-type contracts. It is acceptable, although not always preferable, for the ordering agency to fund CAF as embedded costs in the CLINS. For example, on Labor Hour CLINS, OCOs may require a contractor to include CAF in their fully-burdened Loaded Hourly Labor Rate. If the ordering agency chooses this option of embedding the CAF in the CLINS, versus a separate CAF CLIN, the OCO must clearly state those required terms in the Task Order Request (TOR), RFP, or RFQ document.

The Contractor remits the CAF to GSA in accordance with Section G.9.5.

2. INCORPORATE Attachment 7 and 7A of Section J into the contract: GWAC Management Module CLIN Reporting Format. This provides further detail of the mandatory reporting requirement established in Alliant Contract Section G.9.7 Contractor Administrative Reporting. (Full text attached below.)

# **GWAC Management Module**

### Contract Line Item Number Reporting Format

The GSA GWAC Management Module contains unique Contract Line Item Numbers (CLINs) that are specifically defined for the Alliant GWAC (see Attachment A, 2<sup>nd</sup> column). Reporting in the GWAC Management Module is mandatory per Alliant Contract Section G.9.7 Contractor Administrative Reporting.

This contract attachment specifically outlines the reporting data requirements for the Purchase Data (Sales/Invoices).

There are three methods to enter purchase data in the GWAC Management Module.

- 1) Direct or manual entry of each labor category;
- 2) Uploading a Batch File containing CLIN data pertaining to a single invoice or multiple invoices across multiple orders (called Upload Package). Two file formats accepted: Comma separated value (CSV) file and MS Excel spreadsheet file (XLS format or any other current MS Excel version);
- 3) System-to-system via Web Services.

The GWAC Management Module technical instructions (video) for Purchase Data reporting can be found at the GSA website: https://web.itss.gsa.gov/Login

All tutorials on Videos are currently the following: (1) GWAC Registration, (2) Create an Order Package, (3) Purchase Data Basics, (4) Purchase Data Single Upload, (5) Purchase Data Multiple Upload, (6) Enter Zero Purchase Data, (7) Contract Access Fee (CAF) Payment, and (8) Pay.gov. Related videos may be modified or added throughout the term of the contract.

3. REVISE Section G.6.2 Program Office Meetings. A clarification of the required contractor attendees and schedule. (Full text attached below)

Program Office Meetings provide a platform for Contractors, GWAC Center staff and agency representatives to communicate current issues, resolve potential problems, discuss business and marketing opportunities, review future and ongoing GSA and government-wide initiatives, and address Basic Contract fundamentals.

The Government will choose to hold up to four (4) meetings per year via web-casting or at a government facility, a commercial conference center, or a mutually agreed-upon contractor facility on a rotational basis. All meetings will be scheduled, arranged, and directed by the GSA Government Program Managers and other Government representatives. Program Office Meetings will be held at a location anywhere within the U.S.A. with suitable conference facilities.

For all Program Office Meetings, the Contractor participants shall include at least one of the two Key Personnel representatives (Program Manager or Contract Administrator) and may also include one corporate officer, sales/business development manager, operations manager, or any other appropriate Contractor representative with considerable responsibilities over the Alliant contract.

One of the four required Program Office Meetings may include either a breakout session (session) or a separate Program Office Meeting (meeting) dedicated specifically to Alliant Contract Administration issues. Therefore, the Contractor's Contract Administrator shall attend and participate in this session or meeting, which will not exceed more than one full workday per year. This session or meeting may be held in conjunction with any one of the other scheduled meetings or independently at a different time and location. The GSA Alliant Contracting Officer will announce, allowing ample time for planning, the location and date of the Contract Administration session or meeting. In the event that the Contractor's Contract Administrator is unable to attend, a suitable representative from the Contract of Scontract department should attend in their place. The purpose of the Alliant Contract Administration session or meeting is to focus on Alliant contracting matters, including contract compliance, relevant federal policy, administrative performance, and other topical contractual concerns with the objective to further promote collaborative partnering among all Industry Partners and Government through open discussions and the exchange of information and ideas.

12. REPLACE I.9 FAR Clause 52.232-32\* PERFORMANCE-BASED PAYMENT (JAN 2008), WITH FAR Clause 52.232-32\* PERFORMANCE-BASED PAYMENT (APR 2012) in full text.

#### PERFORMANCE-BASED PAYMENTS (APR 2012)

- (a) Amount of payments and limitations on payments. Subject to such other limitations and conditions as are specified in this contract and this clause, the amount of payments and limitations on payments shall be specified in the contract's description of the basis for payment.
- (b) Contractor request for performance-based payment. The Contractor may submit requests for payment of performance-based payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all performance-based payments in any period for which payment is being requested shall be included in a single request, appropriately itemized and totaled. The Contractor's request shall contain the information and certification detailed in paragraphs (l) and (m) of this clause.
- (c) Approval and payment of requests.
- (1) The Contractor shall not be entitled to payment of a request for performance based payment prior to successful accomplishment of the event or performance criterion for which payment is requested. The Contracting Officer shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the contract. The Contracting Officer may, at any time, require the Contractor to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable.
- (2) A payment under this performance-based payment clause is a contract financing payment under the Prompt Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved requests on the \_\_\_\_\_\_ [Contracting Officer insert day as prescribed by agency head; if not prescribed, insert "30th"] day after receipt of the request for performance-based payment by the designated payment office. However, the designated payment office is not required to provide payment if the Contracting Officer requires substantiation as provided in paragraph (c)(1) of this clause, or inquires into the status of an event or performance criterion, or into any

of the conditions listed in paragraph (e) of this clause, or into the Contractor certification. The payment period will not begin until the Contracting Officer approves the request.

- (3) The approval by the Contracting Officer of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the Contractor from performance of obligations under this contract.
- (d) Liquidation of performance-based payments.
- (1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall be by either pre-designated liquidation amounts or a liquidation percentage.
- (2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the Contractor shall repay to the Government the excess. Unless otherwise determined by the Contracting Officer, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments.
- (e) *Reduction or suspension of performance-based payments*. The Contracting Officer may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the contract, or take a combination of these actions after finding upon substantial evidence any of the following conditions:
- (1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (h) and (i) of this clause).
  - (2) Performance of this contract is endangered by the Contractor's—
    - (i) Failure to make progress; or
    - (ii) Unsatisfactory financial condition.
- (3) The Contractor is delinquent in payment of any subcontractor or supplier under this contract in the ordinary course of business.
- (f) Title.
- (1) Title to the property described in this paragraph (f) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract.
- (2) "Property," as used in this clause, includes all of the following described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices:
  - (i) Parts, materials, inventories, and work in process;
  - (ii) Special tooling and special test equipment to which the Government is to acquire title;
- (iii) Nondurable (*i.e.*, noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (f)(2)(ii) of this clause; and
- (iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

- (3) Although title to property is in the Government under this clause, other applicable clauses of this contract (*e.g.*, the termination clauses) shall determine the handling and disposition of the property.
- (4) The Contractor may sell any scrap resulting from production under this contract, without requesting the Contracting Officer's approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the Contracting Officer.
- (5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor shall obtain the Contracting Officer's advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.
- (6) When the Contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the Contractor for all property (or the proceeds thereof) not—
  - (i) Delivered to, and accepted by, the Government under this contract; or
- (ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.
- (7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.
- (g) *Risk of loss*. Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is lost (see 45.101), the basis of payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.
- (h) *Records and controls*. The Contractor shall maintain records and controls adequate for administration of this clause. The Contractor shall have no entitlement to performance-based payments during any time the Contractor's records or controls are determined by the Contracting Officer to be inadequate for administration of this clause.
- (i) Reports and Government access. The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information requested by the Contracting Officer for the administration of this clause and to determine that an event or other criterion prompting a financing payment has been successfully accomplished. The Contractor shall give the Government reasonable opportunity to examine and verify the Contractor's records and to examine and verify the Contractor's performance of this contract for administration of this clause.
- (j) Special terms regarding default. If this contract is terminated under the Default clause, (1) the Contractor shall, on demand, repay to the Government the amount of unliquidated performance-based payments, and (2) title shall vest in the Contractor, on full liquidation of all performance-based payments, for all property for which the Government elects not to require delivery under the Default clause of this contract. The Government shall be liable for no payment except as provided by the Default clause.

- (k) Reservation of rights.
  - (1) No payment or vesting of title under this clause shall—
    - (i) Excuse the Contractor from performance of obligations under this contract; or
  - (ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.
  - (2) The Government's rights and remedies under this clause—
- (i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and
- (ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.
- (l) *Content of Contractor's request for performance-basedpayment*. The Contractor's request for performance-based payment shall contain the following:
  - (1) The name and address of the Contractor;
  - (2) The date of the request for performance-based payment;
- (3) The contract number and/or other identifier of the contract or order under which the request is made;
- (4) Such information and documentation as is required by the contract's description of the basis for payment; and
- (5) A certification by a Contractor official authorized to bind the Contractor, as specified in paragraph (m) of this clause.
- (m) Content of Contractor's certification. As required in paragraph (l)(5) of this clause, the Contractor shall make the following certification in each request for performance-based payment:

I certify to the best of my knowledge and belief that—

(1) This request for performance-based payment is true and correct; this request (and
attachments) has been prepared from the books and records of the Contractor, in accordance with
the contract and the instructions of the Contracting Officer;
(2) (Except as reported in writing on), all payments to subcontractors and
suppliers under this contract have been paid, or will be paid, currently, when due in the ordinary
course of business;
(3) There are no encumbrances (except as reported in writing on) against the
property acquired or produced for, and allocated or properly chargeable to, the contract which
would affect or impair the Government's title;
(4) There has been no materially adverse change in the financial condition of the Contractor
since the submission by the Contractor to the Government of the most recent written information
dated; and
(5) After the making of this requested performance-based payment, the amount of all
payments for each deliverable item for which performance-based payments have been requested
will not exceed any limitation in the contract, and the amount of all payments under the contract
will not exceed any limitation in the contract.
